

**Author:** Kristenson, Joel

**Content Provided by:** Panger, Mark & Hanf, Pat

**Last Updated:** 2016-10-03

## Overview

This article provides a dynamic list of **custom URL configurations** you can use on your online donation form(s) to customize things like **amounts, descriptions, if funds display or not**, if the form supports **international addresses** or not, and more.

*This list will change over time and has evolved a lot in the last few years as customers request more control over the look and feel of their donation form.*

 **Tip:** [This video](#) shows how to create **iFrames**, such as the donation form, and [this list](#) provides the **current merchant gateways** you can use with your **Trail Blazer** database.

## List of Configurable URL Options

**Scenario:** You may want to have more than one donation page. These multiple donation pages may serve different purposes.

For instance, you may want a donation page that only accepts specific dollar amounts, or has specific funds, or no funds, or specific descriptions...you get the idea.

---

**Important!** The red text for **YourDatabaseName** in the code below will **\*need\*** to be swapped out with your actual **database name** (ex: DemoNonprofit\_Joel). If you don't know it, contact our live support.

---

You can modify your [iframe code](#) to override the donation amounts currently configured within **Trail Blazer**.

Your current donation iframe code *may* look like this:

```
<IFRAME src="https://www.trailblz.info/yourdatabasename/donations.aspx" width="520" height="900"
frameborder="0" scrolling="Yes" onload="scroll(0,0)"> </IFRAME>
```

The above iframe will use the donation amounts [you've configured](#) within **Trail Blazer**.

The *example* below will **override the amounts** with custom amounts of \$25.17, \$37.47 and \$100:

`https://www.trailblz.info/yourdatabasename/donations.aspx?donation_levels=25.17,37.47,100`

Example screenshot:

https://www.trailblz.info/demononprofit\_joel/donations.aspx?donation\_levels=25.17,37.47,100

### Billing Information

\* First Name

Middle

\* Last Name

Nickname

\* Address

\* City

\* State

\* Zip Code

\* Phone

\* Email

Yes, I want to receive future email updates.

Show my donation on the website ticker.

Comment

### Donation Amount

\$25.17  \$37.47  \$100.00

### Make my donation

Single One Time Donation

### Select a Restricted Allocation Fund Below

2016 Disaster Relief Fund

2016 General Fund

2016 Scholarship Fund

### Make my donation in Honor or Memory of

Honor or Memory

Please enter \*Full Name\* & \*Address\*

---

If you are configured to display your donation description on your website, you can modify the line to **add custom descriptions**:

```
https://www.trailblz.info/yourdatabasename/donations.aspx?donation_levels=25.17: ,37.47:some more  
text,100:patron
```

Example screenshot:

The screenshot shows a web browser window with the URL `https://www.trailblz.info/demononprofit_joel/donations.aspx?donation_levels=25.17;37.47:some more text,100:patron` highlighted in red. The page is titled "Powered by TrailBlazer" and includes social media share buttons. The main content area is divided into several sections:

- Billing Information:** Includes fields for First Name, Middle, Last Name, Nickname, Address, City, State (dropdown), Zip Code, Phone, and Email. There are checkboxes for "Yes, I want to receive future email updates." and "Show my donation on the website ticker." (checked). A comment field is also present.
- Donation Amount:** This section is highlighted with a red box. It contains three radio button options:
  - \$25.17
  - \$37.47 some more text
  - \$100.00 patron
- Make my donation:** A dropdown menu currently set to "Single One Time Donation".
- Select a Restricted Allocation Fund Below:** Three options with ".00" input fields: "2016 Disaster Relief Fund", "2016 General Fund", and "2016 Scholarship Fund".
- Make my donation in Honor or Memory of:** A dropdown menu set to "None". Below it, a text area is labeled "Please enter \*Full Name\* & \*Address\*".
- Volunteer:** A section with a checkbox for "Assist with Event planning".

---

The full iFrame code to utilize the **custom amounts & descriptions** would be:

```
<IFRAME  
src="https://www.trailblz.info/yourdatabasename/donations.aspx?donation_levels=25.17:,37.47:some  
more text,100:patron,OTHER" width="520" height="900" frameborder="0" scrolling="Yes"  
onload="scroll(0,0)"> </IFRAME>
```

---

Here's the full list of URL configurations:

### true|false or 0|1 for Boolean on url

- **recurrence=**
- **funds=**
- **international=**
- **honor\_of=**
- **banner=** *(This controls the social media banner at the top of the page if you choose to 'link' to the form on the **Trail Blazer** server vs embedding it as an iFrame)*

### data required after the =

- **default\_amount=**
- **contactid=**

- **eventid=**
- **cmtid=6** (*committeeid – this could be useful if you have multiple chapters/committee's, each with their own donation form*)
- **originid=20** (*attributeID – this will link the form to an attribute you've created in your database, attributes are flagged to a contact, not a contribution*)
- **ver=**
- **rdif=**
- **rd=**

[Click here](#) to download the **PDF version**. This will change periodically so check back often.
