Overview

This article shows how to add **Attribute Values**, **Attribute Dates**, and **Attribute Notes** into the grid as columns for reporting purposes.

This can be very useful for a wide variety of reasons. One example would be to pull the canvassing results from one of your [mobile walks lists](#) into a report to see total counts for each answer, as well as the date the voter was canvassed. It can also be useful when re-entering data from a physical paper walk list (*covered in the last section of this article*).

 **Tips:** Get up to speed on how to [create new Attribute Folders/Items](#), and how to [save custom Formats](#) for future use.

Steps

Add Attributes, Attribute Dates, and Attribute Notes to the Grid by Formatting them in as Columns

Navigate to your contacts list (Voters/Donors) and run your search query. *In my example I pulled up anyone who had any of the attributes I used as questions in my mobile canvassing list, it returned **2061** records.*

Construct your query and click [Search].

The screenshot shows the TrailBlazer application interface. On the left is the 'Application Menu' with a tree view of tasks including Dashboard, Calendar/Tasks, Canvassing, Voter, Minnesota Voter List, Addresses, Households, Voter Relationships, Lawn Signs, Contributions/Pledges, Product Sales, Logs, Polling, Communications, Financial, Disclosure, and System Manager. The 'Voter' task is selected, and a red arrow points to the 'Voters' sub-item with the number '1'.

The main window has a toolbar with 'Search', 'Reset', 'New', and other icons. Below the toolbar is a tabbed interface with tabs for 'Favorites', 'General', 'Address', 'Household', 'Vote History', 'Attribute', 'Canvass', 'Poll', 'Lawn Sign', 'Contribute', 'Pledge', 'Event', 'Log', and 'Adr'. The 'Attribute' tab is active, showing a configuration window with 'Include' and 'Exclude' buttons. Under 'Include', there are radio buttons for 'In precisely', 'In at least', 'In range', and 'In all'. Below these are input fields for '1' and '0' with 'of 3 selected' text.

Below the configuration window is a table with columns: Attribute, Yes, Date From, Date To, and Note. The table contains the following rows:

| Attribute | Yes | Date From | Date To | Note |
|-------------------------|-------------------------------------|-----------|---------|------|
| Volunteers | <input type="checkbox"/> | | | |
| Voter Candidate Support | <input checked="" type="checkbox"/> | | | |
| Does Not Support | <input checked="" type="checkbox"/> | | | |
| Support | <input checked="" type="checkbox"/> | | | |
| Undecided | <input checked="" type="checkbox"/> | | | |
| Voter Issues | <input type="checkbox"/> | | | |

Below the configuration window is a toolbar with 'Edit', 'Include', 'Exclude', 'Sort', 'Format', 'Export', 'Print', 'Detail', 'Summary', and 'Pivot' buttons. Below this toolbar is a status bar that says 'Voters [2061 records found]'.

At the bottom is a data grid with the following columns: Incl, ID, Last Name, First Name, MI, Address Type, Address, City, State, Zip Code, and Birth Date. The grid contains the following rows:

| Incl | ID | Last Name | First Name | MI | Address Type | Address | City | State | Zip Code | Birth Date |
|-------------------------------------|--------|------------------|------------|------|--------------|-----------------------|--------------|-------|----------|------------|
| <input checked="" type="checkbox"/> | 132097 | | Rich Pac | | | 12526 270th Ave | Isle | MN | 56342 | |
| <input checked="" type="checkbox"/> | 128295 | Aabbatt-Strli... | James | J... | | 103 Meadowlark Rd ... | St Michael | MN | 55376 | 1/1/1949 |
| <input checked="" type="checkbox"/> | 128297 | Aabel | Jenifer | D... | | 1910 Sioux Blvd | New Brighton | MN | 55112 | 1/1/1960 |
| <input checked="" type="checkbox"/> | 128298 | Aabel | John | C... | | 1910 Sioux Blvd | New Brighton | MN | 55112 | 1/1/1961 |

Add Attributes, Attribute Dates, and Attribute Notes to the Grid by Formatting them in as Columns

Select the **Format** drop-down button, and choose **Columns**.

Add Attributes, Attribute Dates, and Attribute Notes to the Grid by Formatting them in as Columns

The screenshot shows the TrailBlazer software interface. At the top, there is a search bar and navigation buttons like 'Reset', 'New', 'File', and 'Edit'. Below this is a menu bar with options like 'General', 'Address', 'Household', 'Vote History', 'Attribute', 'Canvass', 'Poll', 'Lawn Sign', 'Contribute', 'Pledge', 'Event', 'Log', 'Admin', and 'SQL'. The 'Attribute' menu is currently selected.

In the center, there is a configuration window for attributes. It has radio buttons for 'In precisely', 'In at least', 'In range', and 'In all'. Below these are two spinners for '1' and '0' with the text 'of 3 selected'. To the right is a table with columns: 'Attribute', 'Yes', 'Date From', and 'Date To'. The table contains several rows with folder icons and text like 'Donor Level', 'Lawn Sign Requests', 'Not - Hidden/Archived Records', 'Place your order', 'Social Networking', and 'Source'.

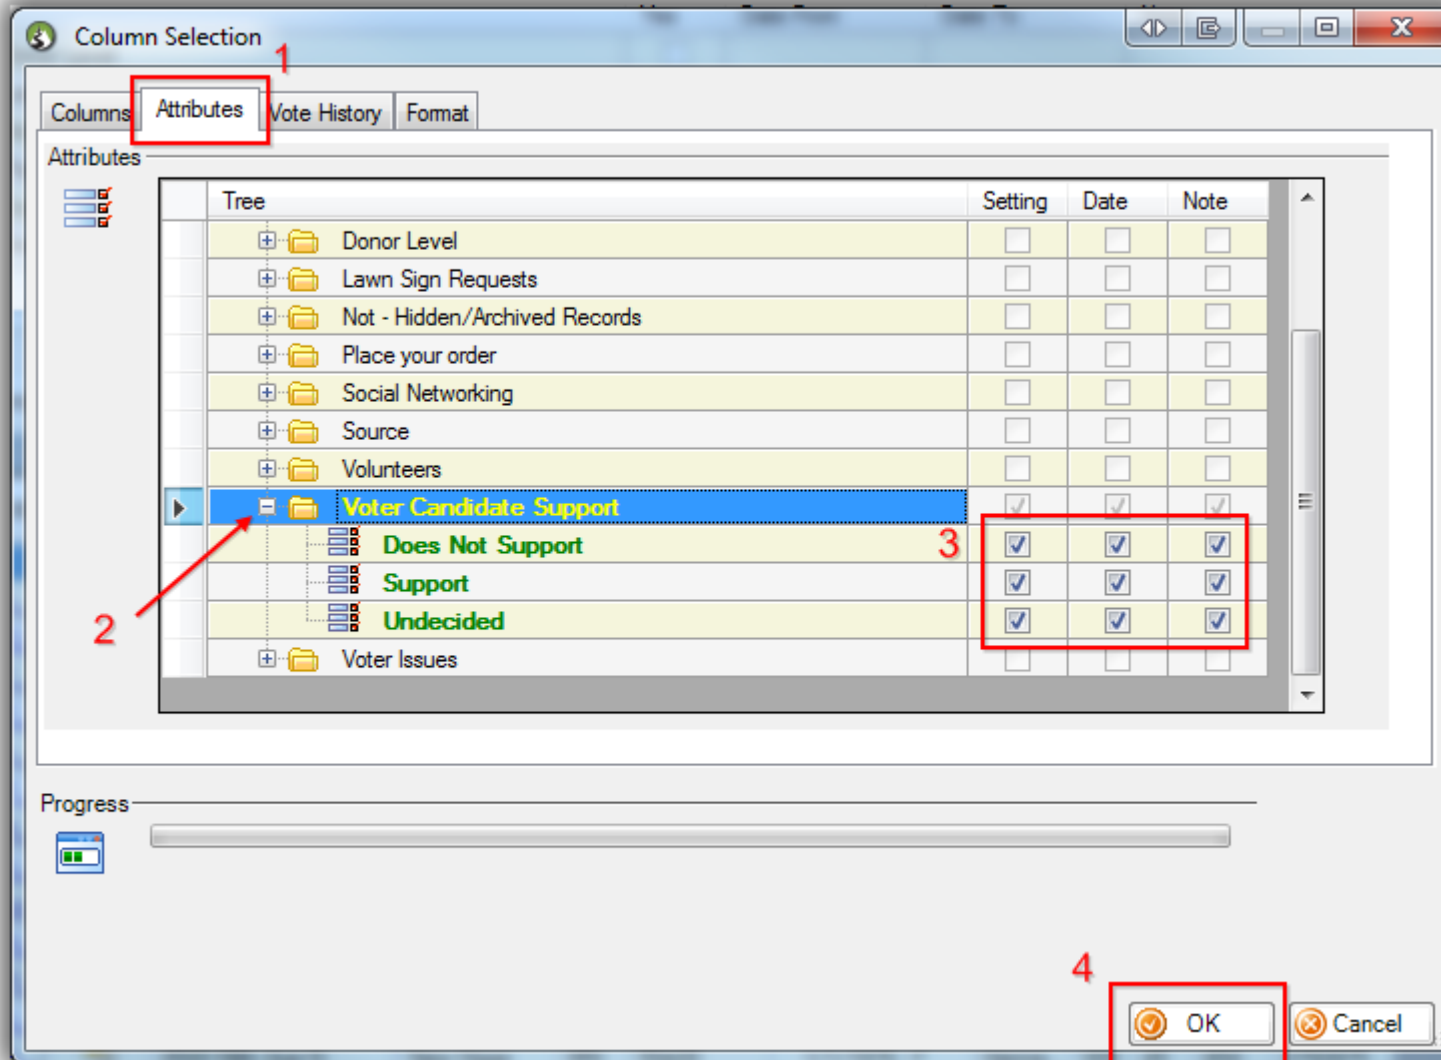

Below the configuration window, there is a toolbar with buttons for 'Edit', 'Include', 'Exclude', 'Sort', 'Format', 'Export', 'Print', 'Detail', 'Summary', and 'Pivot'. The 'Format' dropdown menu is open, showing options: '<System Format>', 'Columns...', 'Select other...', 'Save', 'Save As...', and 'Assign as default...'. A red arrow points to the 'Format' button, and a red box highlights the 'Columns...' option. A tooltip over the 'Columns...' option reads: 'Add or remove columns, apply formatting, or specify column attributes.'

At the bottom, a data grid is visible with columns: 'Incl', 'ID', 'Last Name', 'First Name', 'City', 'State', 'Zip Code', 'Birth Date', 'Gend', and 'Count'. The grid contains several rows of voter data.

Add Attributes, Attribute Dates, and Attribute Notes to the Grid by Formatting them in as Columns

Navigate to the **Attributes** tab, locate and expand the folder(s) of Attributes you want to add to the grid, check all of the boxes under the **Setting/Date/Note** columns, and then click **[OK]**.

Add Attributes, Attribute Dates, and Attribute Notes to the Grid by Formatting them in as Columns

The system will add the columns to the far right of the grid (outlined in red in the screenshot below).

Add Attributes, Attribute Dates, and Attribute Notes to the Grid by Formatting them in as Columns

(Optionally you can click-and-drag on the column header left or right to rearrange the order in which they appear.)

Add Attributes, Attribute Dates, and Attribute Notes to the Grid by Formatting them in as Columns

At this point you're finished with this process. Continue reading for tips on other useful task you can perform from this point forward, and checkout the related resources at the bottom for links to other articles and videos.

Export

Option 1 - The quickest way to run an export to a .csv file would be to click the **[Export]** button on the list tool strip. *(Image below)*.

Add Attributes, Attribute Dates, and Attribute Notes to the Grid by Formatting them in as Columns

The screenshot shows the TrailBlazer software interface. At the top, there is a search bar and navigation tabs including 'Attribute', 'Canvass', 'Poll', 'Lawn Sign', 'Contribute', 'Pledge', 'Event', 'Log', 'Admin', and 'SQL'. Below the tabs, there are options to 'Include' or 'Exclude' records, with radio buttons for 'In precisely', 'In at least', 'In range', and 'In all'. A range selector shows '1 to 0 of 3 selected'. The 'Attribute' tab is active, displaying a list of attributes with checkboxes for 'Yes', 'Date From', and 'Date To'. The attributes listed are 'Voter Candidate Support', 'Does Not Support', 'Support', 'Undecided', and 'Voter Issues'. Below this, there is a toolbar with buttons for 'Edit', 'Include', 'Exclude', 'Sort', 'Format', 'Export', 'Print', 'Detail', 'Summary', and 'Pivot'. A red arrow points to the 'Export' button. Below the toolbar, a status bar indicates 'Voters [2061 records found]'. The main data grid is displayed with columns for 'Incl', 'ID', 'Last Name', 'First Name', 'MI', 'Reg Id', 'Does Not Support', 'Support', 'Undecided', 'Does Not Support [Date]', 'Support [Date]', 'Undecided [Date]', and 'Does [Note]'. The grid contains 10 rows of voter data. At the bottom, there is a summary row and a footer with 'Logon = Joel Kristenson' and buttons for 'Save', 'Save and Close', 'Reports', 'New', and 'Cancel'.

Add Attributes, Attribute Dates, and Attribute Notes to the Grid by Formatting them in as Columns

Save Format and Set as Default

If you plan on using the format you created again in the future, click on the **Format** drop-down menu and select **Save-As**. (*Image below*).

Add Attributes, Attribute Dates, and Attribute Notes to the Grid by Formatting them in as Columns

The screenshot shows the TrailBlazer software interface. At the top, there is a search bar and navigation buttons. Below that, a menu bar includes 'Attribute', 'Canvass', 'Poll', 'Lawn Sign', 'Contribute', 'Pledge', 'Event', 'Log', 'Admin', and 'SQL'. The 'Attribute' window is open, showing a tree view of attributes. The 'Voter Candidate Support' folder is expanded, showing sub-attributes: 'Does Not Support', 'Support', and 'Undecided'. Each sub-attribute has a 'Yes' checkbox and 'Date From' and 'Date To' fields. The 'Support' and 'Undecided' sub-attributes have their 'Yes' checkboxes checked.

Below the attribute window, the main data grid is visible. The grid has columns for 'Last Name', 'First Name', 'Address', and several support-related columns. A 'Format' menu is open over the grid, with a red arrow pointing to it. The 'Format' menu options are: '<System Format>', 'Columns...', 'Select other...', 'Save', 'Save As...', and 'Assign as default'. The 'Save As...' option is highlighted with a red box, and a tooltip below it reads 'Save the current format under a specified name'.

| Attribute | Yes | Date From | Date To |
|-------------------------|-------------------------------------|-----------|---------|
| Voter Candidate Support | <input checked="" type="checkbox"/> | | |

Add Attributes, Attribute Dates, and Attribute Notes to the Grid by Formatting them in as Columns

If you want to set it as the default for either you, another user, or all users - click the **Format** drop-down, and select **Assign as Default**. (*Image below*).

Add Attributes, Attribute Dates, and Attribute Notes to the Grid by Formatting them in as Columns

The screenshot shows the TrailBlazer interface. At the top, there's a search bar and navigation tabs like 'General', 'Address', 'Household', 'Vote History', 'Attribute', 'Canvass', 'Poll', 'Lawn Sign', 'Contribute', 'Pledge', 'Event', 'Log', 'Admin', and 'SQL'. The 'Attribute' tab is active, showing a configuration window with a tree view of attributes: 'Voter Candidate Support' (expanded to 'Does Not Support', 'Support', 'Undecided') and 'Voter Issues'. A table below shows columns for 'Attribute', 'Yes', 'Date From', and 'Date To'. The 'Yes' column has checkboxes for each attribute.

Below the configuration window, the main data grid is visible. The 'Format' menu is open, with 'Assign as default...' highlighted. A red arrow points to the 'Format' menu. A tooltip for 'Assign as default...' reads: 'Assign a default format to be used when displaying information in this grid'.

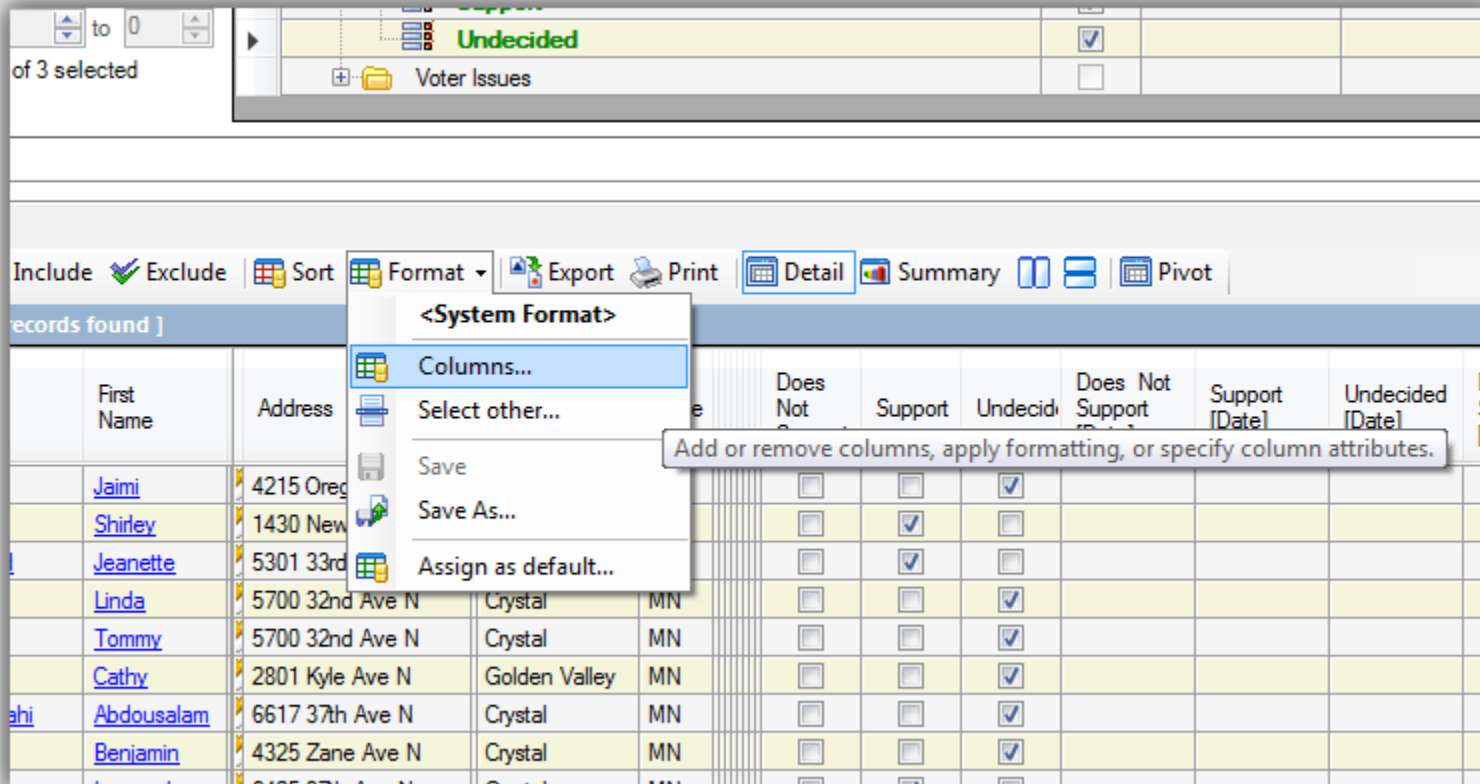

| Attribute | Yes | Date From | Date To |
|-------------------------|-------------------------------------|-----------|---------|
| Voter Candidate Support | <input checked="" type="checkbox"/> | | |
| Does Not Support | <input checked="" type="checkbox"/> | | |
| Support | <input checked="" type="checkbox"/> | | |
| Undecided | <input checked="" type="checkbox"/> | | |
| Voter Issues | <input type="checkbox"/> | | |

| Last Name | First Name | Address | Does Not Support | Support | Undecided | Does Not Support [Date] | Support [Date] | Undecided [Date] | Does Suppo [Note] |

Add Attributes, Attribute Dates, and Attribute Notes to the Grid by Formatting them in as Columns

Make Columns Updateable in the Grid View for Batch Data Entry

If you are performing a task such as distributing and re-entering data for paper walks, it can be much quicker if you perform the task in the grid view vs. going into each voter record and manually updating the attributes. To make a column **updateable** click the **Format** drop-down, and select columns.

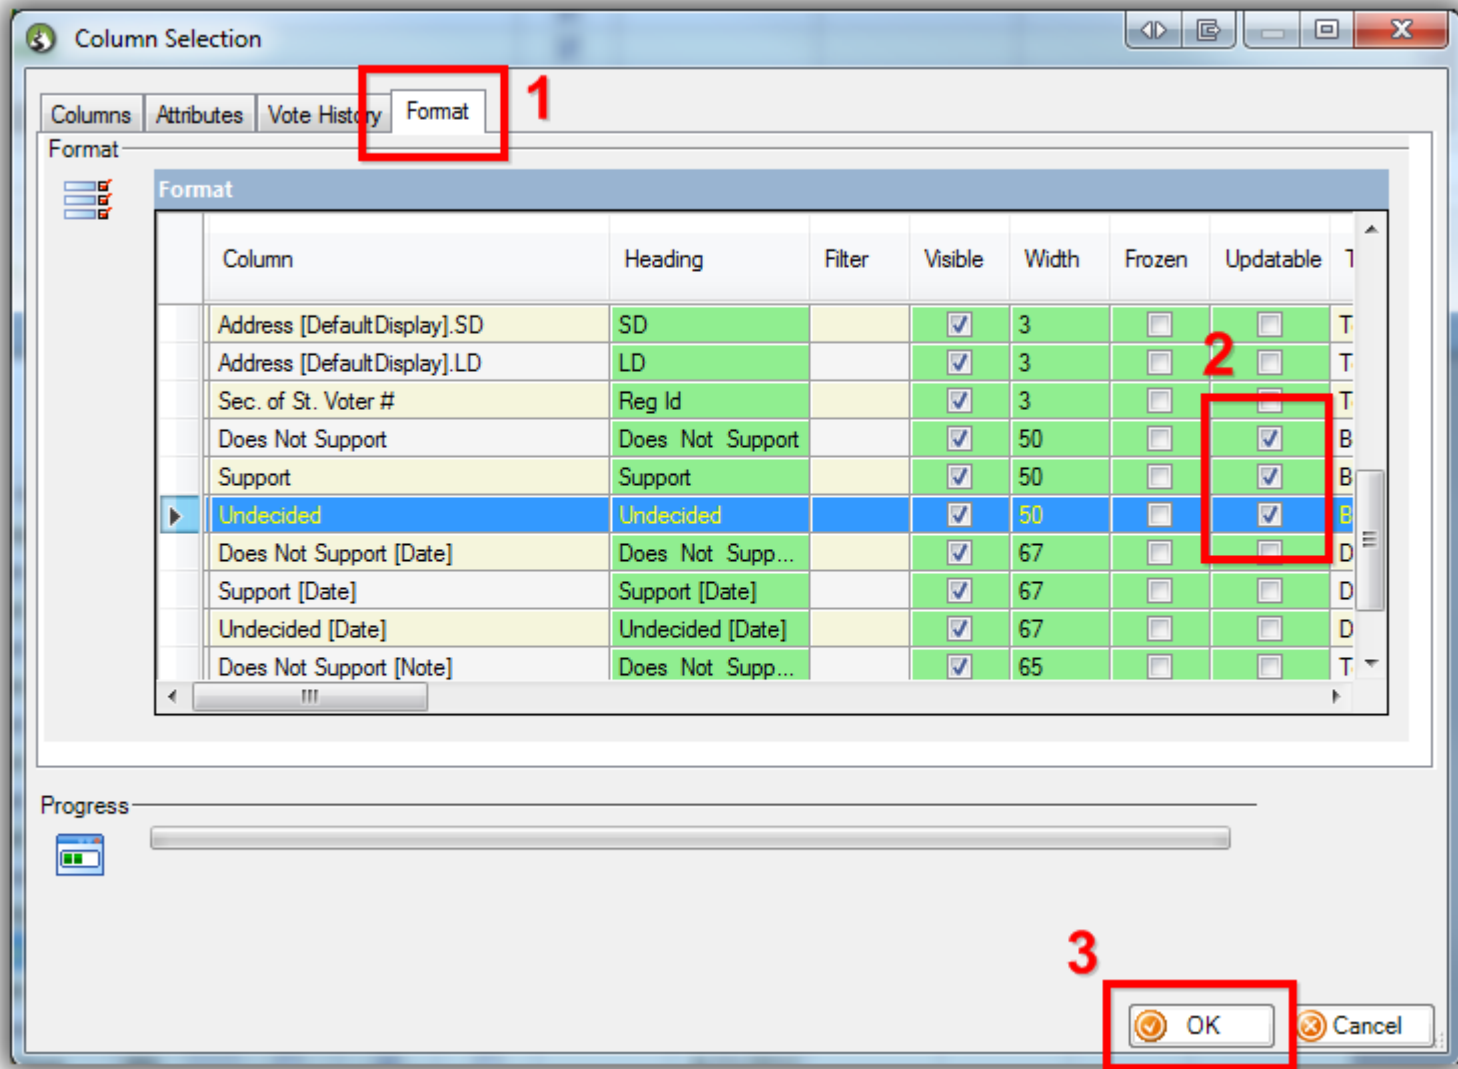

The screenshot shows the application interface with a grid of voter records. The 'Format' menu is open, and the 'Columns...' option is selected. A tooltip is visible over the menu, stating: "Add or remove columns, apply formatting, or specify column attributes." The grid contains columns for 'First Name', 'Address', and several status columns: 'Does Not Support', 'Support', 'Undecided', 'Does Not Support [Date]', 'Support [Date]', and 'Undecided [Date]'. The 'Undecided' column has a checkmark in the first row, and the 'Support' column has checkmarks in the second, third, and fourth rows.

| First Name | Address | Does Not Support | Support | Undecided | Does Not Support [Date] | Support [Date] | Undecided [Date] |
|------------|-----------------|--------------------------|-------------------------------------|-------------------------------------|-------------------------|----------------|------------------|
| Jaimi | 4215 Oregon | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> | | | |
| Shirley | 1430 New | <input type="checkbox"/> | <input checked="" type="checkbox"/> | <input type="checkbox"/> | | | |
| Jeanette | 5301 33rd | <input type="checkbox"/> | <input checked="" type="checkbox"/> | <input type="checkbox"/> | | | |
| Linda | 5700 32nd Ave N | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> | | | |
| Tommy | 5700 32nd Ave N | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> | | | |
| Cathy | 2801 Kyle Ave N | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> | | | |
| Abdousalam | 6617 37th Ave N | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> | | | |
| Benjamin | 4325 Zane Ave N | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> | | | |

Then navigate to the **Format** tab and check the boxes in the **Updateable** columns, and click **[OK]**.

Add Attributes, Attribute Dates, and Attribute Notes to the Grid by Formatting them in as Columns

Add Attributes, Attribute Dates, and Attribute Notes to the Grid by Formatting them in as Columns

That allows you to then click the **[Edit]** button once you're back in the grid view, turning the columns **green**, allowing you to go row by row updating the information.
